

WELCOME TO THE BOMBAY CAMBRIDGE KINDERGARTEN

EARLY YEARS LEARNING

Early Childhood Learning is crucial to later success in school and life. Choosing your child's school is one of the most important responsibilities of a parent.

The right school can make a world of difference to future opportunities and happiness. The early years provide the first introduction of the child to school and learning. The Kindergarten experience develops in the child a world view that guides his/her future interactions with the physical and social world. The warm and caring environment of the Gurukul Kindergarten keeps in mind precisely this, and provides its students an all-round educational plan.

We focus on learning that is:

- ✓ Age Appropriate
- ✓ Stress Free
- ✓ Developmentally Conscious

BOMBAY CAMBRIDGE GURUKUL offers parents the option of choosing:

1

Gurukul International Kindergarten, preparatory to Cambridge Assessment International Education (CAIE) or the IGCSE Board. The Gurukul International Kindergarten offers an adapted EYFS programme which is an innovative preparatory curriculum that builds essential academic skills for a strong foundation using a multi-sensorial approach.

2

Gurukul Kindergarten, preparatory to the Maharashtra State Secondary Certificate Examination or the SSC Board. The Gurukul Kindergarten curriculum is designed to build basic academic skills using the Play Way methodology, leading to readiness for success in Primary School.

THE GURUKUL KINDERGARTEN

The most unique features of our curriculum designed to prepare students for primary education in the State Board include:

- ✓ Play-way methodology that keeps learning stress-free and fun
- ✓ Building basic skills in children related to English, Math, general awareness and various creative activities along with physical development
- ✓ Our trained and experienced teachers who provide a warm and nurturing environment for our students

The Gurukul Kindergarten provides the perfect environment for your child's holistic development, nurturing creativity, curiosity and individuality.

THE BCG CURRICULUM

A dedicated team of professional teachers make learning fun for children, and our students look forward to school every day. Kindergarten is where the child learns new ideas, new skills, and makes new friends. The classroom provides a healthy social environment where the child learns crucial emotional and social management skills. The curriculum is based on the best amalgamation of Western research in child psychology and the cultural patterns of our Indian heritage.

The curriculum is implemented using the play-way method, and includes consciously planned activities for all round development. It includes skill building for:

- ✓ Communication
- ✓ Social Development
- ✓ Field Trips
- ✓ Creative Play

- Imaginative Play ✓
- Musical Play ✓
- Constructive Play ✓
- Mathematics ✓

THE GURUKUL INTERNATIONAL KINDERGARTEN

Gen Alpha is slated to be the most educated and wealthy of all past generations, and the Internationalism of our curriculum shapes these unique qualities to prepare the students for a Cambridge curriculum that consolidates their place as a world citizen. Our academic program is up-to-speed with their developmental needs, their psychomotor growth and their tech familiarity.

What makes our Kindergarten a great place to learn:

- ✓ Its schematic design, adapting the UK-based EYFS curriculum
- ✓ The activity based sessions, supported by vibrant educational equipment and worksheets
- ✓ The experienced and professionally trained teachers who nurture our students in a warm & caring environment

The Almanac is replete with outdoor and indoor activities, celebration of special days, of festivals and events designed to build student familiarity and confidence with their culture and environment.

A HAPPY SCHOOL

"Happiness is seeing the smile on a child's face as they learn"

Our school consciously works at creating a happy environment where each child feels safe, understood and valued.

Our kindergarten experience sets the best foundation for your child's educational journey by providing meaningful experiences that expand the child's thinking, activities that foster a love for learning and interactions that help students build positive connections.

Deeply caring and involved staff members encourage children to explore the world around them and fuel their sense of wonder and inquisitiveness. In a space that fosters equality and recognizes each child for who he/she is, our children bloom to become confident learners.

WHAT PARENTS SAY

I am writing this to express my gratitude towards all teachers and team of Kindergarten.

Teachers have made learning so interactive that it encourages every child to learn and achieve more. The school is delivering exactly what is expected and is aligned with new methods of learning and development.

We can't thank you enough for joyous learning.

Subhash and Uma Sharma,
Parents of Kavish Sharma - Prep 2A

Everyday is a joyful day for our son Shivansh with various activities conducted in the school. From playing 'Playdoh' for stimulating his motor skills, 'giving a talk' in class to boost his confidence or preparing a simple father's day card for expressing love and affection, these diverse activities have helped our child's overall development.

We are very grateful to his teacher for giving him such a learning experience.

Payal Mogre,
Parent of Shivansh Girish - Prep 1A

I am in awe of the teaching techniques used in Gurukul International Kindergarten that keeps my child engrossed and interested in every subject.

I love how the school initiates workshops and organizes parent-teacher interactions from time to time. It has truly helped my child settle in her 2nd home. My heartfelt gratitude to all the teachers for your consistent efforts and hard work. Keep it going!

Nafisa Gabajiwala,
Parent of Husaina Gabajiwala - Prep 2A
